

FOR IMMEDIATE RELEASE

API AWARDED COMBINED CONTRACTS OF \$17M

COLUMBIA, MD (JUNE 24, 2008) – ADVANCED PROGRAMS, INC., today announced that it has recently been awarded \$17M in combined contracts from various U.S. Intelligence Community customers. These contracts include requirements for a broad range of API's industry-leading TEMPEST products including: servers, workstations, networking equipment, printers and scanners.

"We view every new order as a vote of confidence from our customer base and we work very hard to earn their continued confidence. These new contracts are further evidence of API's position as the U.S. Government's most trusted supplier of TEMPEST equipment." said Steven Rice, President & CEO.

ABOUT ADVANCED PROGRAMS, INC.: Advanced Programs, Inc. (www.advprograms.com) provides secure computing and networking equipment to the Military/Intelligence Communities of the United States and its allies. The core business involves participation on program teams requiring the design, manufacture, and supply of TEMPEST equipment and services. Advanced Programs, Inc. has been NSA certified for TEMPEST testing and manufacturing for over 20 years. API also provides: mission critical product development, quick reaction capability (QRC), custom packaging for site deployment, systems integration and production services. The company is headquartered in Columbia, MD. API Europe Ltd (www.api-europe.com) is a wholly owned subsidiary of Advanced Programs Inc. and is located in Chippenham, Wiltshire, UK. It was established to develop additional products and to provide support to API's Reseller Network throughout NATO Europe. Both facilities are ISO 9001 certified.
