

FOR IMMEDIATE RELEASE

**ADVANCED PROGRAMS, INC. Introduces the TEMPEST Level I Ultra Small Form Factor Workstation for the Military/Intelligence Agencies.**

**COLUMBIA, MD (JUNE 24, 2008) – ADVANCED PROGRAMS, INC., a global leader in the design, manufacture and supply of TEMPEST equipment announces the new DWT-109 TEMPEST Level I Ultra Small Form Factor Workstation.**

#### **DWT-109 Ultra Small Form Factor Workstation**

The new specialized design of the API TEMPEST Level I Ultra Small Form Factor workstation is offered with the latest technology including Intel® Core™2 Duo processors and support for Windows Vista® OS. The low power components reduce environmental impact by saving 66% of the energy cost over a standard desktop without compromising any performance.

“The TEMPEST Ultra Small Form Factor Workstation allows API to supplement its market leading workstation product line with a new design that meets the needs of customers who require powerful workstation performance while operating in space constrained, secure environments” said Brian Shayuth, Director, Product Management.
