ADVANCED PROGRAMS, INC. WINS SIGNIFCANT EUROPEAN CONTRACTS

COLUMBIA, MD (Mar. 11, 2009) – ADVANCED PROGRAMS, INC.

API Europe has secured a number of key supply contracts with UK and other NATO countries in the last quarter. The combined contracts, exceeding $3M, are for the supply of a broad range API's industry-leading TEMPEST products including: servers, cabinets, workstations, networking equipment, printers and scanners.

API Europe's engineering team has been particularly successful in developing and shipping highly secure EMC attenuation cabinets for part of Europe's intelligence community.

With API's large manufacturing throughput, the Company is able to respond extremely quickly to NATO and National requirements from the World's largest range of TEMPEST computers and associated peripherals.

"We are very pleased with the increasing order flow from our European customers." said Steven Rice, President and CEO. "As the U.S. government's largest and most trusted TEMPEST supplier, we offer unmatched quality and value across the world's broadest line of TEMPEST products and we are committed to expanding our presence and level of activity throughout Europe."

ABOUT ADVANCED PROGRAMS, INC.: Advanced Programs, Inc. (www.advprograms.com) provides secure computing and networking equipment to the Military/Intelligence Communities of the United States and its allies. The core business involves participation on program teams requiring the design, manufacture, and supply of TEMPEST equipment and services. Advanced Programs, Inc. has been NSA certified for TEMPEST testing and manufacturing for over 20 years. API also provides: mission critical product development, quick reaction capability (QRC), custom packaging for site deployment, systems integration and production services.

The company is headquartered in Columbia, MD. API Europe Ltd. (www.api-europe.com) is a wholly owned subsidiary of Advanced Programs Inc. and is located in Chippenham, Wiltshire, UK. It was established to develop additional products and to provide support to API's Reseller Network throughout NATO Europe. Both facilities are ISO 9001 certified.
